Who Partners with Sightlines?

Robust membership includes colleges, universities, consortiums and state systems

Serving the Nation's Leading Institutions:

- **70% of the Top 20 Colleges***
- **75% of the Top 20 Universities***
- **34 Flagship State Universities**
- **13 of the 14 Big 10 Institutions**
- **9 of the 12 Ivy Plus Institutions**
- **8 of 13 Selective Liberal Arts Colleges**

* U.S. News Rankings

Sightlines is proud to announce that:

- 450 colleges and universities are Sightlines clients including over 325 ROPA members.
- 93% of ROPA members renewed in 2014
- We have clients in 42 states, the District of Columbia and four Canadian provinces
- More than 100 new institutions became Sightlines members since 2013

Sightlines advises state systems in:

- Alaska
- California
- Connecticut
- Hawaii
- Maine
- Massachusetts
- Minnesota
- Mississippi
- Missouri
- Nebraska
- New Hampshire
- New Jersey
- Pennsylvania
- Texas
- West Virginia

A Vocabulary for Measurement

The Return on Physical Assets – ROPASM

The annual investment needed to ensure buildings will properly perform and reach their useful life
“Keep-Up Costs”

Annual Stewardship

The accumulation of repair and modernization needs and the definition of resource capacity to correct them
“Catch-Up Costs”

Asset Reinvestment

Asset Value Change

The effectiveness of the facilities operating budget, staffing, supervision, and energy management

Operational Effectiveness

The measure of service process, the maintenance quality of space and systems, and the customers opinion of service delivery

Service

Operations Success

| Institution |
|---|
| Bentley University |
| Berklee College of Music |
| Bowdoin College |
| Brown University |
| California Institute of the Arts |
| Connecticut College |
| Massachusetts College of Art and Design |
| Mount Holyoke College |
| Ithaca College |
| Art Center of Design (in process) |

Comparative Considerations

Size, technical complexity, region, geographic location, and setting are all factors included in the selection of peer institutions

Core Comments

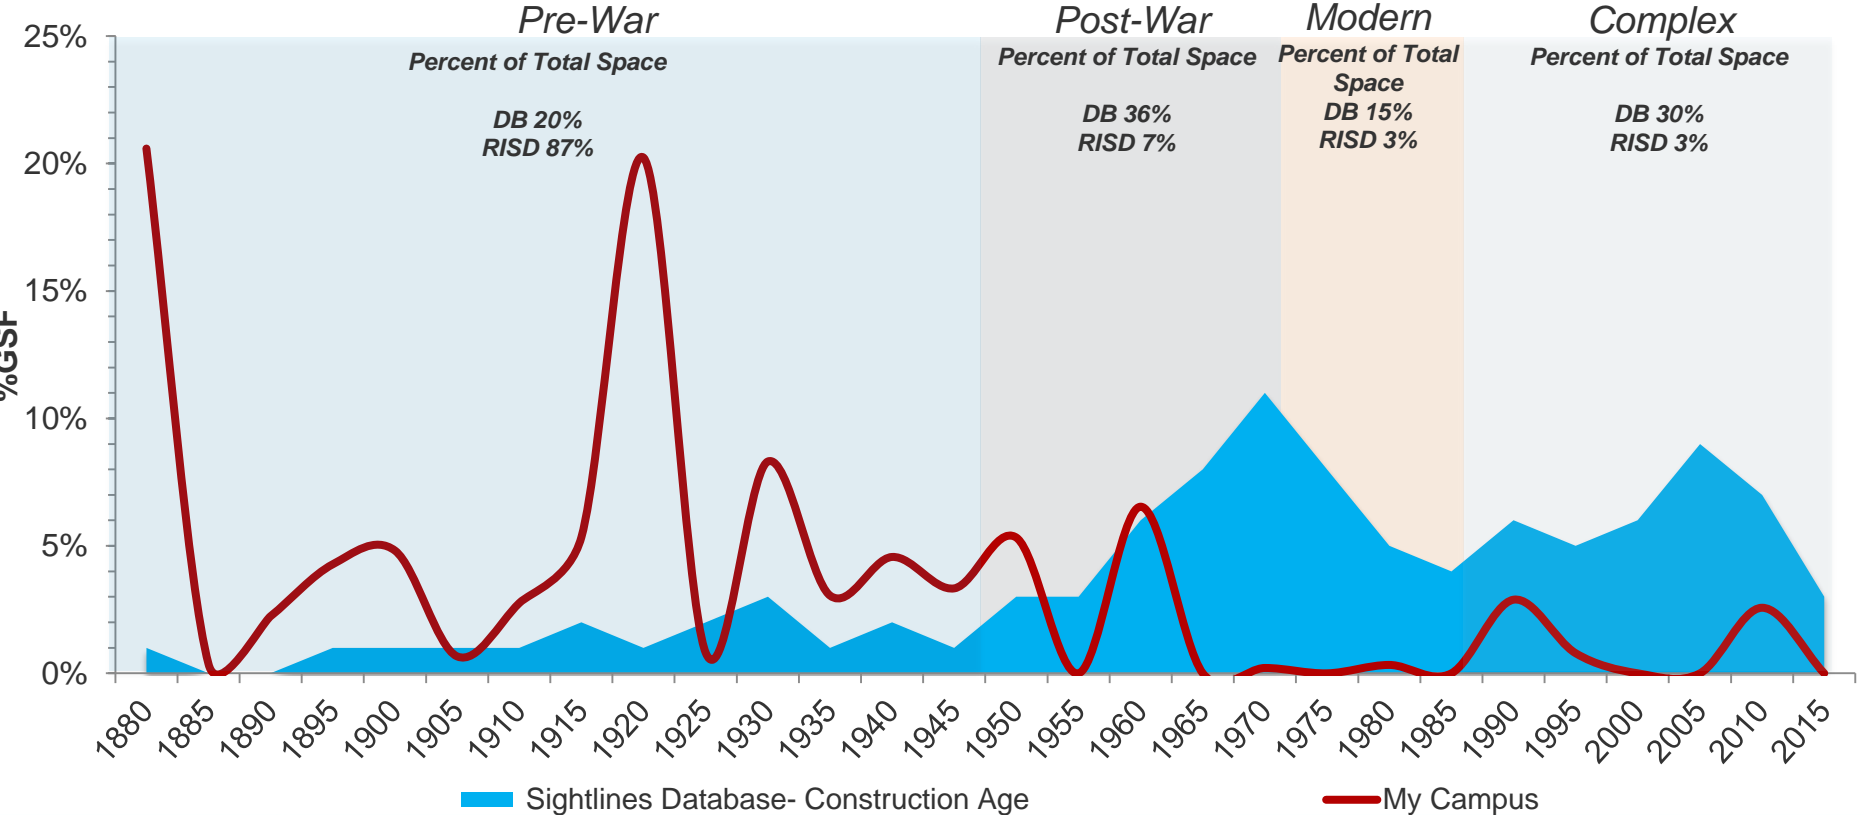

- > Campus was built earlier than the Sightlines database
 - > Sturdy bones but in need of modernization
 - > Smaller, historic buildings place stress on operations
- > Campus needs are split between “Keep Up” and “Catch Up”
 - > RISD’s current capital strategy puts pressure on “Keep Up” funds
 - > Limited funding creates high overall backlog of need
- > Peer institutions out invest RISD by over \$4/GSF annually
 - > FY15 shows a stronger performance but is driven up by the ISB project
- > Creation of Portfolios will help prioritize funding

Putting Your Campus Building Age in Context

The campus age drives the overall risk profile

| | | | |
|--|---|--|---|
| <p>Pre-War</p> <p>Built before 1951</p> <p>Durable construction</p> <p>Older but typically lasts longer</p> | <p>Post-War</p> <p>Built from 1951 to 1975</p> <p>Lower-quality construction</p> <p>Already needing more repairs and renovations</p> | <p>Modern</p> <p>Built from 1976 to 1990</p> <p>Quick-flash construction</p> <p>Low-quality building components</p> | <p>Complex</p> <p>Built in 1991 and newer</p> <p>Technically complex spaces</p> <p>Higher-quality, more expensive to maintain & repair</p> |
|--|---|--|---|

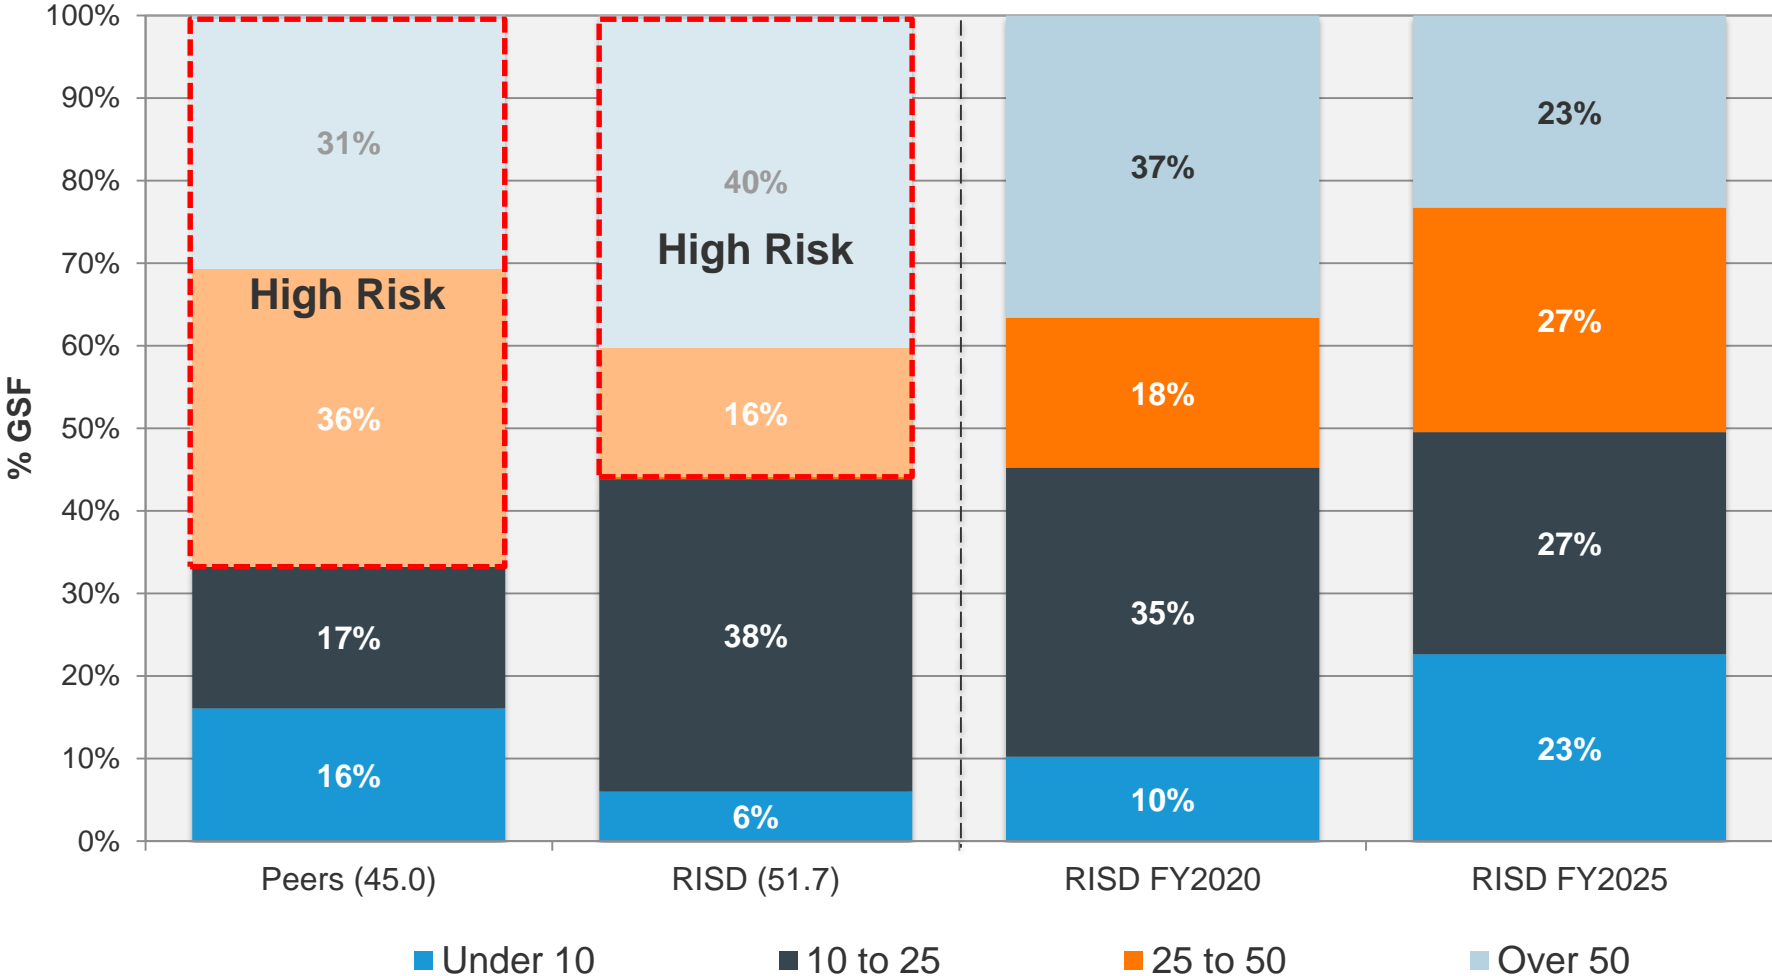

A Shifting Campus Age Profile

Understanding the Impact of Age on Capital Demands

Campus Age by Category

New construction : ~100KGSF studio bldg., ~75K GSF Residential bldg.
 Renos: College, Metcalf, Homer, Nickerson, Barstow, Larned, Thompson & Alumni

Asset Value Change

Total Capital Investment Over Time

At RISD, focus has been on existing space

Total Capital Investment

Total Capital Investment- Existing Space

Investment levels rise in FY14-15 due to the ISB project

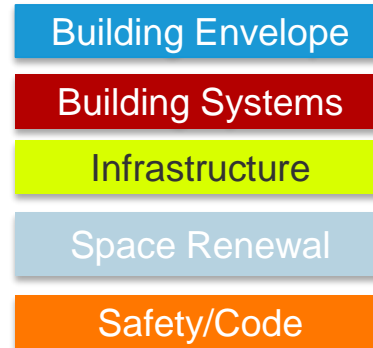

Total Capital Investment

Peers Out Invest RISD

Total Project Spending into Existing Space

RISD FY10-15 Investment Mix

Peer Systems FY10-15 Investment Mix

Removing ISB Spending- Gap Widens

Total Project Spending into Existing Space

- Building Envelope
- Building Systems
- Infrastructure
- Space Renewal
- Safety/Code

RISD FY10-15 Investment Mix

Peer Systems FY10-15 Investment Mix

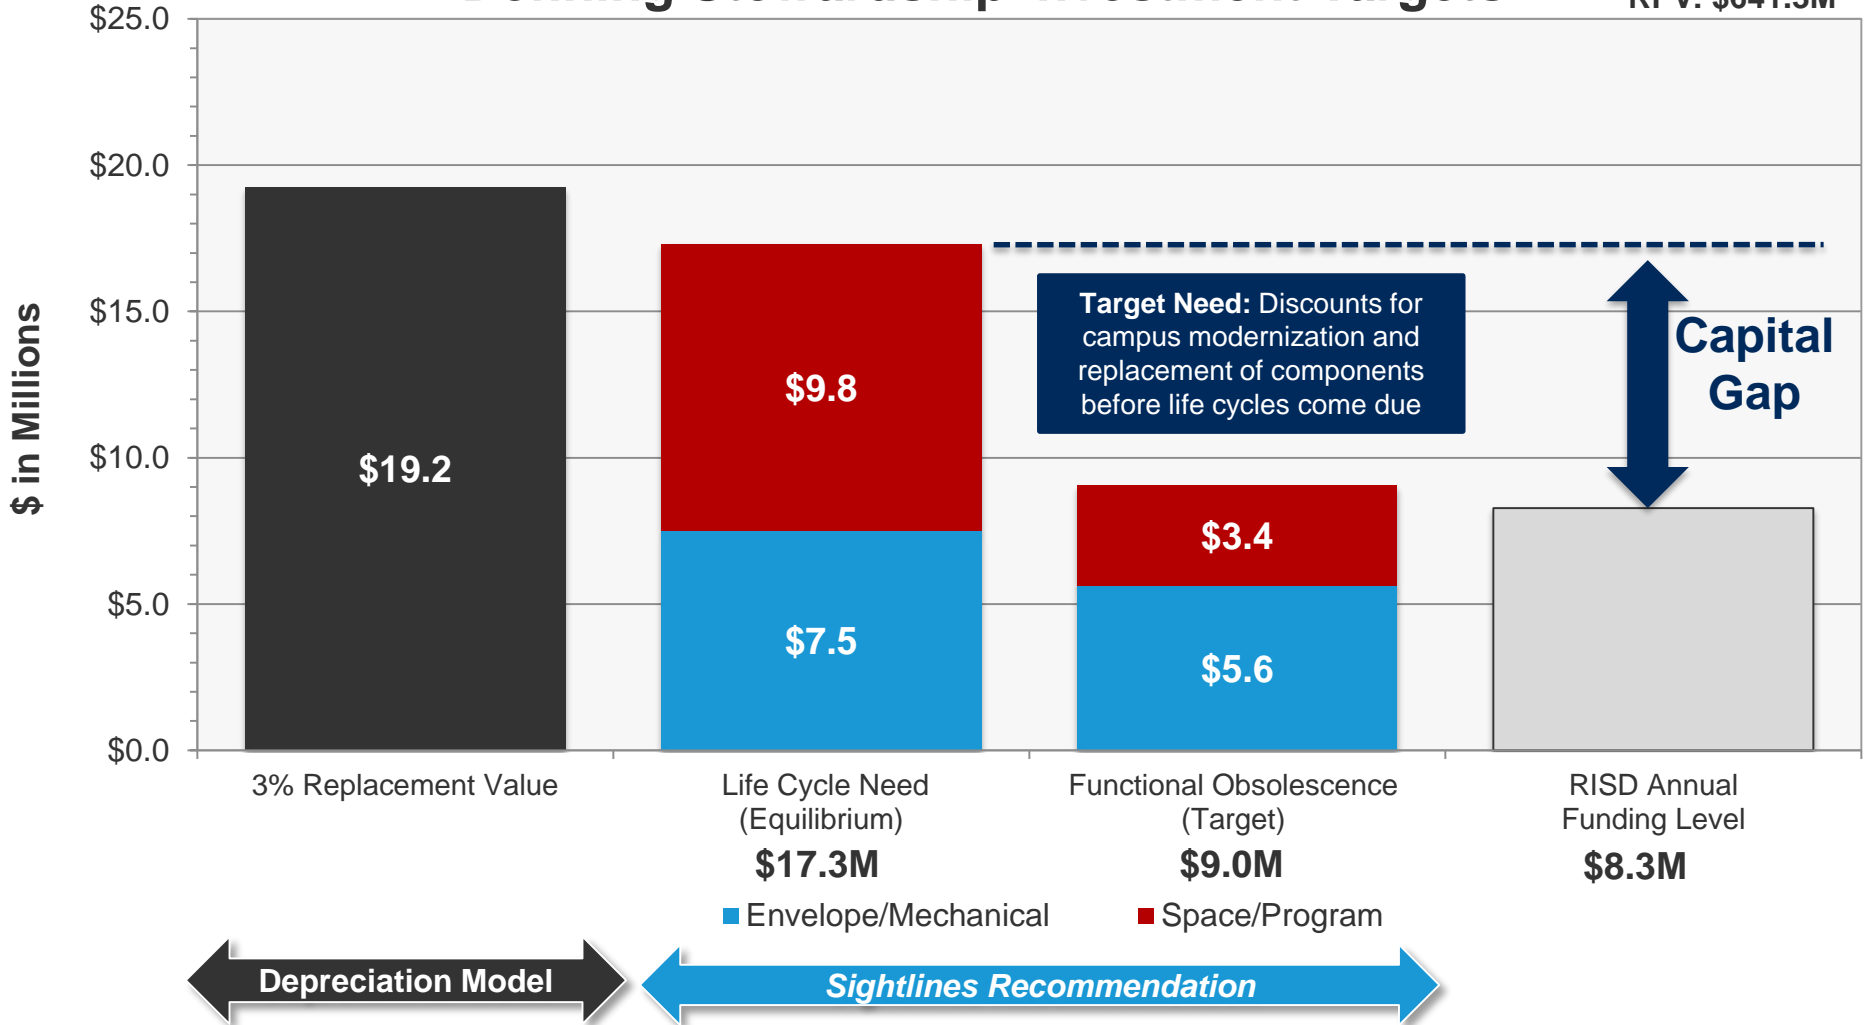

Investment Strategy

Ongoing investment target to maintain “steady state” operations

Defining Stewardship Investment Targets

RPV: \$641.3M

Impact of ISB

Projection of Funding level with ISB

Defining Stewardship Investment Targets

RPV: \$641.3M

Total Capital Investment vs. Funding Target

Includes only the investment into existing facilities

Total Capital Investment vs. Funding Target

Can One-Time Funds Help Close the Gap?

Includes only the investment into existing facilities

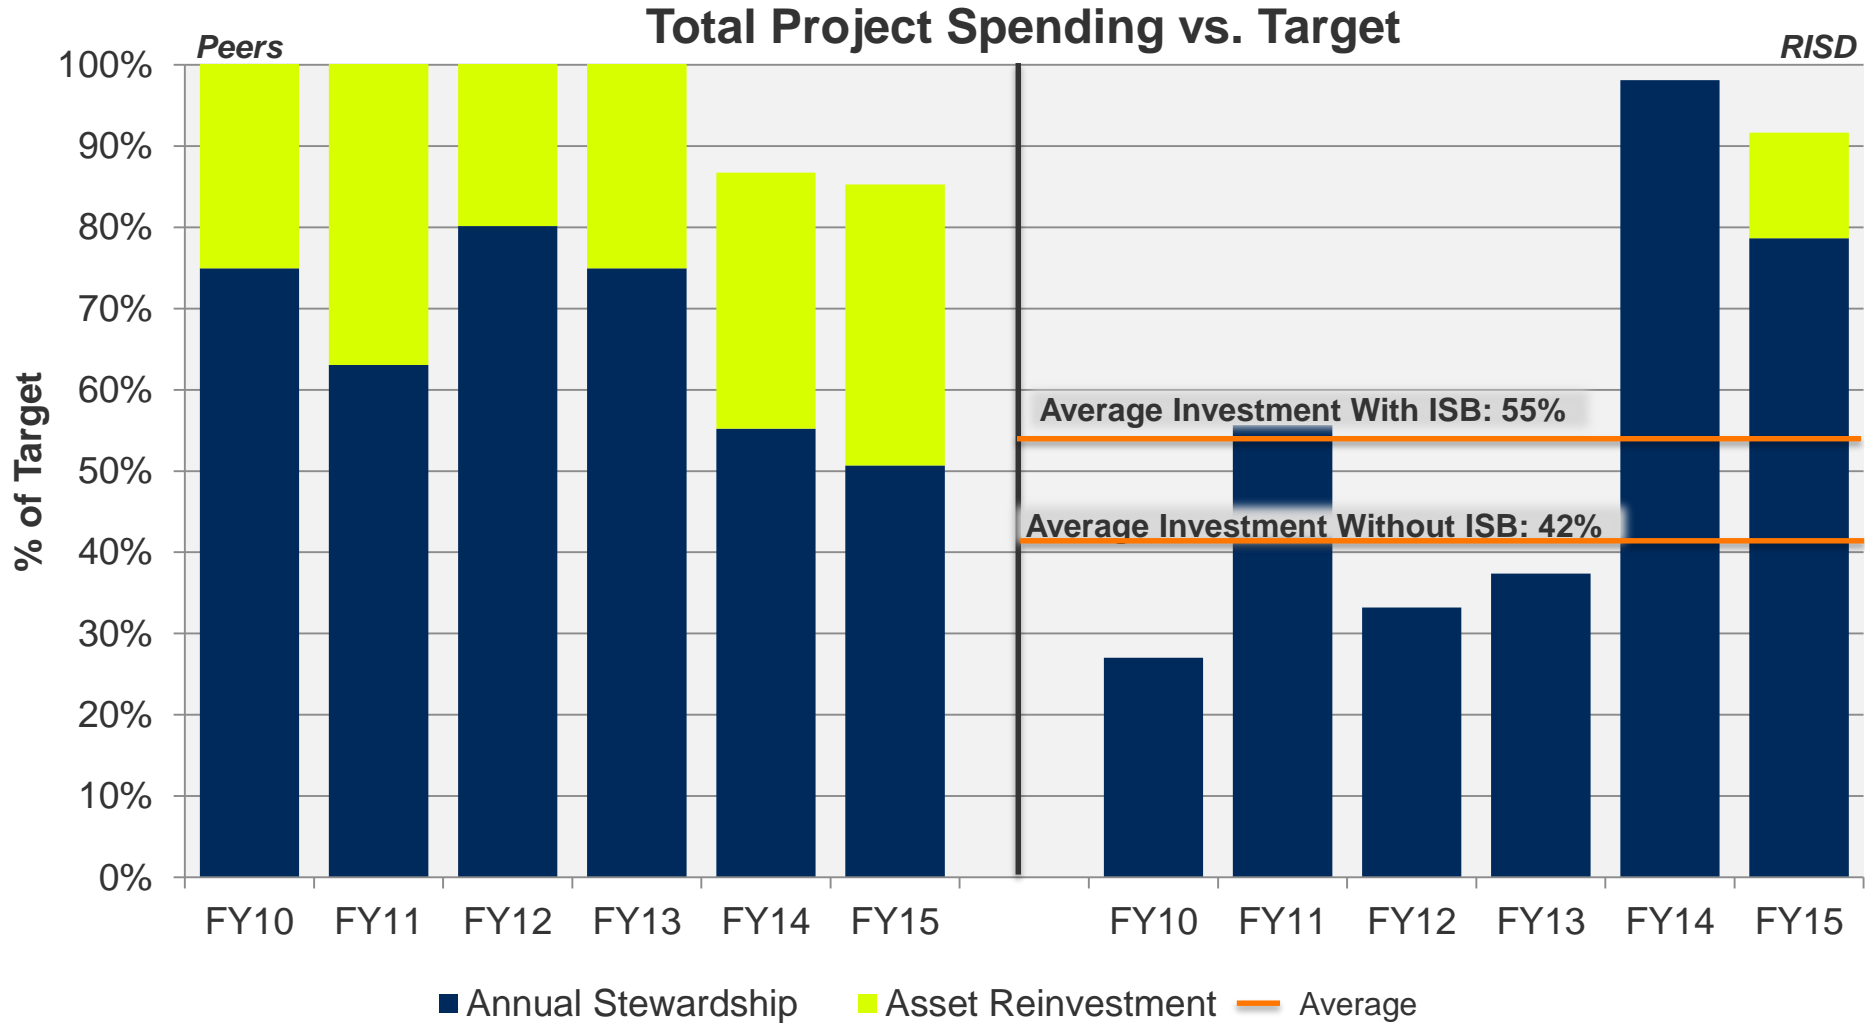

Total Capital Investment vs. Funding Target

Peers Sustaining Value of Campus

One-Time funds assist peers in reaching target

Projected 2025 Target Funding Level

Future target levels continue to rise due to building backlog increase

Total Capital Investment vs. Funding Target

 ● Projected Investment

RISD Buildings Are Not Created Equal

Defining Funding Strategies

RISD NAV 2025 Projections

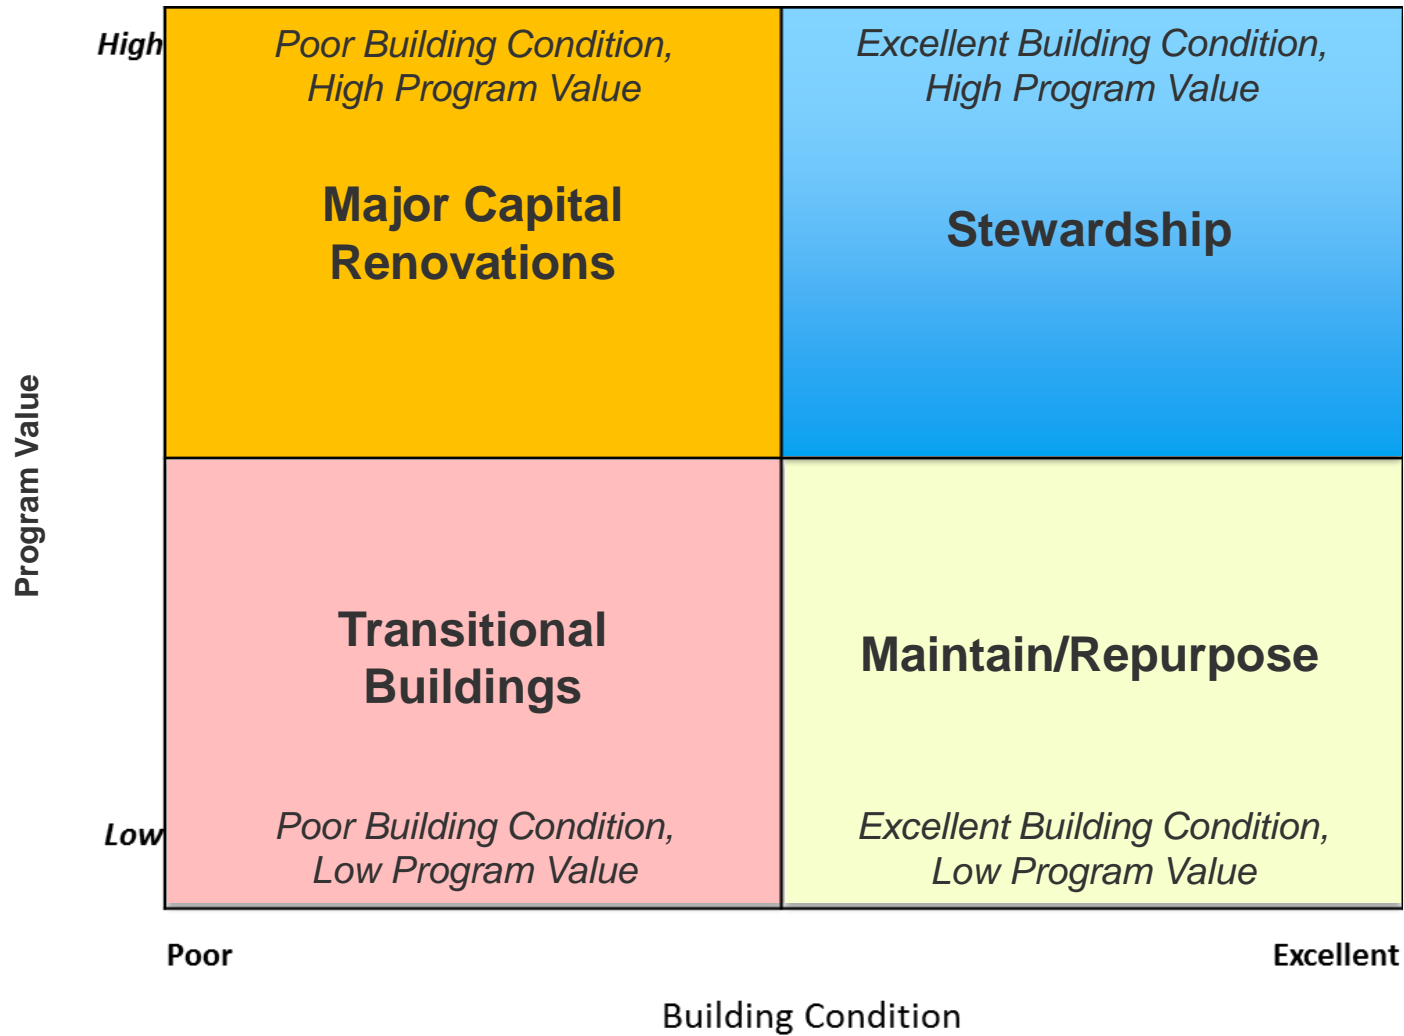

Do renovations offset campus NAV?

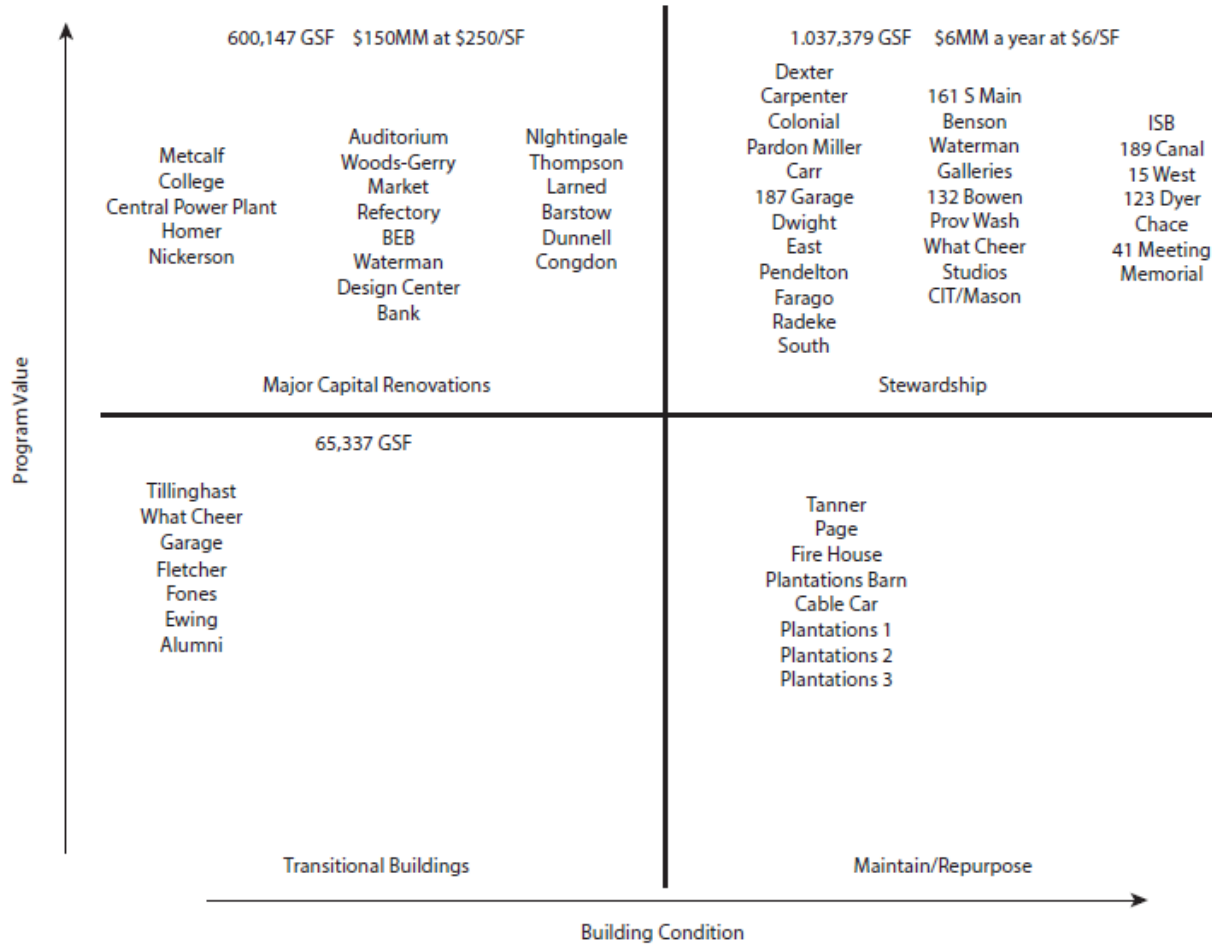

Match Program Value to Campus Need

Not all buildings on campus are created equal

RISD Program Value & Building Condition

Concluding Recommendations

- > Ideally RISD would increase internal funding OR focus the existing resources to “keep up” initiatives only, while securing external “catch up” funding (bonds, fundraising) to tackle deferred maintenance across campus
- > Given the limited resources at RISD, focusing on the highest ROI projects by matching building need with program value will help to drive the Net Asset Value of campus in a positive direction
- > As RISD looks to reset the (age) clock on various buildings, strong Preventative Maintenance initiatives will help to secure building systems while promoting good building health, which ultimately will free up daily resources to be reinvested back into the capital/operational budget
